SADIYA COLLEGE

COLLEGE PROFILE

Sadiya, a historically important sub-division of Tinsukia district, is located in the far east of the state of Assam. The unique culture of the region has been shaped by many ethnic groups living through different historical eras. Once geographically isolated, the surface communication gap of the region has been narrowed down recently with the completion of several strategically important infrastructural projects. The region is surrounded by Arunachal Pradesh in the East, river Brahmaputra and Dibang in the South and West, respectively. The region is rich in biodiversity with several species of important flora and fauna.

Most of the population of the locality rely on cultivation and only a few of them could send their children out of the sub-division for pursuing higher education. Geographical isolation was a major impediment in the pursuance of higher education outside the region. Under such circumstances some farsighted citizens decided to setup a degree college at Chapakhowa through a historic resolution adopted in the meeting held in the first half of August, 1982 at Sadiya Govt. H.S. School. As a result, Sadiya College was established in the middle of Chapakhowa town on 6th September, 1982 with a great vision. After few years of enthusiastic performance and dedicated services of the teaching and non-teaching staffs the college was brought under the Deficit-Grant-in-Aid system by the Govt. of Assam in 1989. In this regard, the inexhaustible patience and abled guidance of the founder Principal Mr. Kirti Chandra Phukan is really praiseworthy.

As the lone higher academic institution in this entire region the college has been providing a platform for the realization of academic dreams of thousands of students from Sadiya and nearby areas of Arunachal Pradesh since its inception. The college provides courses in Arts, Commerce and Science both in graduate and undergraduate levels. The mission of the college is to disseminate knowledge, cater inclusive education to all and train the students for self-reliance, sustainable development and as responsible global citizens.

Located in a campus of 42 bighas of land the college has decent infrastructural facilities. The classrooms and administrative offices are housed in a large assam type pucca building. The college has a separate library building with sufficient resources and reading space. In addition to these the college has facilities like science laboratories, computer and language laboratories, gymnasium, parking place, hostels and canteen. The college is equipped with internet facilities like high-speed WiFi and optical fiber.

VISION OF THE COLLEGE:

Providing world class education for the betterment of mankind.

MISSION OF THE COLLEGE:

To cultivate knowledge, skills, values and attitude through a human and technological interface maintaining a fine balance of the individual, local, national and global needs.

OBJECTIVES:

- ❖ To develop awareness towards learning
- ❖ Generation of scientific temperament amongst the masses
- ❖ Emphasizing the all-round socio-economic development of the region.

SADIYA COLLEGE

FROM THE PRINCIPAL'S DESK

Dr. Bhupen Chutia, M.A., Ph.D
Principal, Sadiya College

Greetings from Sadiya College!

Sadiya College continues to uphold its commitment to providing inclusive and quality higher education in the easternmost part of Assam. As we enter the fourth year of implementing the National Education Policy (NEP) 2020, the college is making sincere efforts to implement its provisions in letter and spirit in accordance with the guidelines of Dibrugarh University. The evolving curriculum and multidisciplinary approach are steadily enriching the academic experience of our students.

The college remains equally committed to the all-round development of learners. Co-curricular and extension activities are being meaningfully integrated into student life. Alongside our active NSS unit, the introduction of NCC last year, with an intake capacity of 52 cadets in each batch, has added a new dimension to discipline, leadership, and national service. Our students have also brought laurels to the institution through their commendable performances in various inter-college competitions, winning several awards in cultural and literary events.

Infrastructure development continues to be one of our priorities. We are pleased to dedicate two new hostels—one each for boys and girls, accommodating 25 students each—which will greatly benefit students coming from distant areas.

The internship programme initiated under the new curriculum is showing encouraging and exceptional results despite the limitations arising from the absence of major industrial establishments in the region. Building upon this experience, the college plans to broaden the scope of internships by gradually orienting them towards research and field-based learning. At the same time, the institution also aims to take into consideration the rich historical, cultural, and natural heritage of the region while designing future academic and extension programmes.

With the dedicated efforts of our faculty members and the active participation of students, Sadiya College continues its journey towards creating a vibrant and socially responsive academic environment.

I extend my best wishes to all students for a productive and enriching academic year.

DEFINITION OF IMPORTANT TERMINOLOGY IN FYUGP:

2. Credits: A 'credit' is a unit by which the coursework is measured. It determines the number of hours of instruction required per week over the duration of a semester (minimum 15weeks). A course may have only a lecture component or a lecture and tutorial component or a lecture and practicum component or a lecture, tutorial and practicum component, or only practicum component. Credit shall be defined as,

Sl. No	Components	Number of Hours per Week	Number of hours per Semester	Credit
1	Lecture	1 Hour	15 Hours	1
2	Tutorial	1 Hour	15 Hours	1
3	Practicum, Laboratory Work, Seminar/ Group Discussion	2 Hours	30 Hours	1
4	Experiential Learning, Internship, Community Engagement and services, Field visit/ Industrial visit, Studio Activities, Field practices/ projects etc.	3 Hours	45 Hours	1

3. Academic Bank of Credits (ABC): 'Academic Bank of Credits (ABC)' is an academic service mechanism as a digital/virtual/online entity established and managed by MOE/ UGC to facilitate students to become its academic account holders and paving the way of seamless student mobility, between or within degree-granting Higher Education Institutions (HEIs) through a formal system of credit recognition, credit accumulation, credit transfers and credit redemption to promote distributed and flexible teaching learning.

4. Academic Flexibility: 'Academic Flexibility' is the provision for innovative and interchangeable curricular structures to enable creative combinations of Courses/ Programmes in disciplines of study leading to Certificate/ Diploma/ Degree of study offering multiple entry and multiple exit facilities removing the rigid curricular boundaries and creating new possibilities of life-long learning.

5. Credit accumulation: 'Credit Accumulation' means the facility created by ABC in the Academic Bank Account opened by the students across the country in order to transfer and consolidate the 'credits' earned by them by undergoing 'courses' in any of the eligible HEIs.

6. Credit recognition: 'Credit Recognition' means the credits earned through eligible/ partnering HEIs and transferred directly to the ABC by the concerned HEIs.

7. **Credit redemption:** 'Credit redemption' means the process of commuting the accrued 'credits' in the Academic Bank Account of the students maintained in ABC for the purpose of fulfilling the 'credits requirements' for the award of Certificates/ Diplomas/ Degrees etc. by the degree awarding HEIs.

8. **Credit transfer:** 'Credit transfers' means the mechanism by which the eligible HEIs registered with ABC are able to receive or provide prescribed 'credits' to individual registered ABC account in adherence to the UGC credit norms for the 'course/s' registered by the desirous students in any HEIs within India.

EXTRA CURRICULAR ACTIVITIES

• NATIONAL SERVICE SCHEME (NSS) :

The National Service Scheme (NSS) is a central sector scheme of government of India, Ministry of Youth Affairs and Sports. It provides opportunity to the student/youth of 11th and 12th class of schools at +2 Board level and student Youth of technical institution, graduate and post graduate at colleges and university level of India to take part in various government led community service activities and programmes. The sole aim of the NSS is to provide hands on experience to young students in delivering community service.

The NSS Badge Proud to Serve the Nation:

All the youth volunteers who opt to serve the nation through NSS led community service wear the NSS badge with pride and a sense of responsibility towards helping the needy.

The Konark wheel in the NSS badge having 8 bars signifies the 24 hours of the day, reminding the wearer to be ready for the service of the nation round the clock. i.e., for 24 hours.

Red colour in the badge signifies energy and spirit displayed by the NSS volunteers. The blue colour signifies the cosmos of which the NSS is a tiny part, ready to contribute its share for the welfare of the mankind.

Motto: The motto of National Service Scheme is NOT ME BUT YOU.

Benefits of Being a NSS Volunteer:

A NSS volunteer who takes part in the community service programme would either be a college level or a senior secondary level student. Being an active member these student volunteers would have the exposure and experience to be the following:

- An accomplish social leader
- An efficient administrator
- A person who understand human nature
